

CHARLES D. JOHNSON  
New Administrator

### Hospital Appoints New Chief

Torrance resident Charles D. Johnson has been named administrator of Riviera Community Hospital and will serve as part of the executive council that will administer the new hospital created by the merger of Torrance Memorial and Riviera Community hospitals.

Johnson joins the hospital staff following service as administrator at Tucson Medical Center and Southwest Texas Methodist Hospital.

A graduate of Southern Methodist University in economics, Johnson received his master's degree in hospital administration from Trinity University.

He is a member of the American College of Hospital Administrators, American Hospital Association, Association of Western Hospitals, Arizona Hospital Association, and Texas Hospital Association.

### POOR RECORD

California's record in passing local school bond issues is one of the poorest in the nation. During the period July 1, 1965, to June 30, 1966, only 55 per cent of the school bond issues presented to the voters were approved. Two states—Virginia and West Virginia—reported fewer bond issue successes. National average was 72 per cent.

### Program Set at Gardens

A slide show and discussion on the culture of dahlias will be featured Sept. 10 at the Southwest Dahlia Trail Garden, according to Alan True, garden director.

The program will be held from 4 until 6 p.m. at the South Coast Botanic Gardens, 28701 Rolling Hills Road, Palos Verdes Peninsula. The event is being sponsored by the South Coast Botanic Garden Foundation.

The Southwest Dahlia Garden is the eighth such garden to be established in the United States and serves to score new dahlia seedlings sent by growers from throughout the nation. The garden is maintained through the cooperative efforts of the Inglewood, Orange County, and Southern California Dahlia Societies.

True will serve as moderator for a panel discussion. Members of the panel will include Lynn Dudley of Inglewood, Wallace McIlhenny of Lakewood, Chester E. Boston of Long Beach, and Fred McKelvey of Santa Monica. All are recognized experts on dahlias.

There is no admission charge for the program and the public is invited.

**CITIZEN OF THE MONTH . . .** Mr. and Mrs. Kenneth Schneider of San Pedro have been honored as South Bay "Citizens of the Month" for August in the program sponsored by Great Lakes Properties, Inc. Presentation of the award was made last week at a meeting of the Palos Verdes Rotary Club. Russ Bayly (center), a marketing director for sponsors of the award, makes the presentation. The Schneiders were honored for their heroic action in assisting a Palos Verdes woman when she was attacked two months ago by two men. They asked that a \$100 check given with the plaque be made to Christ Lutheran Church in San Pedro.

### BIG CLASSES

Nearly 90,000 California high school classes have more than 30 pupils enrolled.

### Hike Prices

A price increase of slightly less than 3 cents in the price of rolling plate products has been announced by United States Steel Corp. The new prices became effective last week.

### Manager Gets Drop On Thief

Quick thinking apartment manager Clifford Griffith apprehended a burglary suspect as he was allegedly removing arm rests from a vehicle in an apartment garage.

Arrested Sunday night was Stephen Harvey, 19, of 127 Calle De Andalucia, by the manager of an apartment complex at 21006 Wood St. who held the suspect at gunpoint until police arrived. Griffith said he was on a

routine patrol of the garage when he allegedly spotted Harvey in an auto removing the arm rests from the rear seat. He returned to his apartment to get his revolver and then confronted the suspect.

When police arrived, Griffith had the suspect in his apartment.

Griffith said the man had already taken the arm rests off the vehicle and was about to leave when he confronted the suspect.

The manager said he makes regular checks of the apartment grounds because there have been several burglaries in the area during recent months.

### Add New Display

A rare bird wrasse from the South Pacific has been added to the Great Barrier Reef tank at Marineland of the Pacific. The wrasse is distinguished by a long trunk-like nose which is used to search out food.
